QUALITY ASSURANCE REPORT

Submitted to

NATIONAL ASSESSMENT AND ACCREDITATION COUNCIL

ACADEMIC YEAR: 2016-17

Submitted by

The Annual Quality Assurance Report (AQAR) of the IQAC

All NAAC accredited institutions will submit an annual self-reviewed progress report to NAAC, through its IQAC. The report is to detail the tangible results achieved in key areas, specifically identified by the institutional IQAC at the beginning of the academic year. The AQAR will detail the results of the perspective plan worked out by the IQAC. (Note: The AQAR period would be the Academic Year. For example, July 1, 2012 to June 30, 2013)

3. Research, Consultancy and Extension

3.1 <u>Initiatives of the IQAC in Sensitizing/Promoting Research Climate in the institution</u>

The following initiatives are suggested by the IQAC to sensitize / promote research climate in the institution.

i) Autonomy to the principal investigator

When a research project is sanctioned by organisation, full support is provided to the Principal investigator to implement the research scheme within the time frame and Prof. Azam Pasha Quadri has been assigned with the responsibilities of coordinating with the senior faculty of the Institute to promote research, consultancy and high end training.

ii) Timely availability or release of resources

The Management of LIET provides the Necessary funds for developing the research activities in the campus. Funds are invested to improve latest equipment, research journals in Library etc.

iii) Adequate infrastructure and human resources

The College Central library provides online national and international journals, reference books, hand books, and material related to research activity. College recruited faculty with Ph.D. degree who are competent enough to take up and guide research projects. Different departments have established research labs with necessary software to carryout research projects.

iv) Time-off, reduced teaching load, special leave etc. to teachers

Work load is reduced for the faculty involved in research and development or consultancy. Cash awards are introduced to faculty publishing papers in international journals. On duty facility is extended to the staff visiting other organizations for promotion of R&D and consultancy and work for the research projects.

v) Support in terms of technology and information needs

Within the campus Wi-Fi hotspot internet, advanced hardware and softwares are available for the purpose of R&D. One staff member from each department is nominated to the R & D committee to promote research process internally. The research journals, both hard copy and online are available in the central library and department library.

vi) Facilitate timely auditing and submission of utilization certificate to the funding authorities

At ending stage of a project, the college arranges for auditing; guides the investigators in obtaining the utilization certificate for submitting to the funding agency. The chairperson carries out audit of consultancy works undertaken by various departments in respect of all grants received from outside agencies.

vii) Any other

To enhance and inherit research culture within the campus, the institute invites experts from reputed institutes.

6.14 Initiatives taken by the institution to make the campus eco-friendly

a) Energy Conservation

Energy saving techniques are implemented. The lights and fans are switched off when not required. Classrooms are constructed with sufficient cross ventilation and light so that the use of electricity is minimized. LED lamps are used in place of incandescent bulbs where ever possible.

b) Use of Renewable Energy

The committee has taken up the following activities to reduce the use of conventional energy:

- To conduct energy audit for the whole college with the help of authorized agency.
- To arrange a guest lecture on importance of renewable energy.
- To conduct paper presentation & poster presentation competition for EEE and ME students.

c) Water Harvesting

Water recharging pits are constructed at various locations:

d) Efforts for Carbon neutrality

• The students and staff park their vehicles in the parking place provided by the college in order to keep the college environment pollution free.

• Appropriate portions of food waste is sent to poultry/fisheries

e) Plantation/Greening Drives

- The institute has planted and maintained different varieties of flowering trees, ornamental trees and shrubs to keep the institute free from pollution.
- Care is taken for the surveillance of old and unhealthy trees. Depending on the tree conditions, appropriate risk mitigation measures (such as pruning, removal of wilted branch, treatment of pest and disease, and cabling and propping to support trees) are prescribed.

f) Hazardous Waste Management and e-Waste Management

The dust bins are kept at prominent places for throwing waste.

E-waste management: Electronic waste is returned to the vendors on a take back policy.

7. Innovations and Best Practices

7.1 Innovations introduced during this academic year which have created a positive impact on the functioning of the institution. Give details.

The innovations created mainly to uplift standard in quality of education: -

- Mandatory Curriculum content analysis, lesson and session Plan for each courses by the teachers.
- > Practise outcome based teaching methodologies.
- > Stress on active, interactive and self learning.
- ➤ Model based and real-world problem based teaching.
- > Encouraged the students to undergo internship during summer vacation.
- Motivated the faculty to apply for research grants from funding agencies.
- > Subscribing to wide range of technical magazines, journals and proceedings and by having membership in DELNET and subscribing for all journals prescribed by AICTE for effective knowledge sharing.
- > Equipped the class rooms with LCD etc.
- 7.2 Provide the Action Taken Report (ATR) based on the plan of action decided upon at the beginning of the year

IQAC planned the objectives for current year (2016-17) and its progress was monitored through action taken report monthly from all concerned persons. In its meeting these action taken reports were discussed and correction was done appropriately whenever it was required.

Activity Planned	Status of Activity / Action Taken
Academic Schedule	Implemented as per schedule
Course delivery	Completed as per the lecture schedule
Workshops/Guest lectures/Seminars/ Training	Conducted as per the proposal

7.3 Give two Best Practices of the institution

Following are the innovative practices introduced during the previous years which have created a positive impact on the functioning of the college:

- Wi-Fi facility is arranged
- Guest lectures are arranged by Industry/Academia experts.
- Established a student clubs.
- Institute has established R&D
- Biometric attendance system for faculty.
- Mineral water plant
- English language lab with multimedia is made available for the students.
- Each department houses departmental library with books useful for research work.
- The faculty members are sent to seminars, conferences and workshops to learn cutting edge technologies.

- Adequate fire fighting equipment like fire extinguishers (CO₂, fog), and sand buckets.
- Mock Interviews and Group Discussions are conducted
- Cultural programs are conducted for developing theatrical skills
- In-plant Training and Industry Visits
- Problem-solving Contests
- Seminars and Debates.
- Personality Development Programs are conducted

Best Practice - 1: Study hours, Tutorial and Remedial System in the institution

Goal: To enable the high achievers to reach excellence and the slow learners to reach the minimum qualifying level.

The Process: In the college timings tutorial and remedial classes are conducted in order to improve the students at academics. Beyond the college timing library services to improve their pass percentage. Each department evaluates the marks secured by the students in the class tests and mid exams. According to these reports staff members concentrate on those students who are week at academics.

Evidence of Success: The pass percentage was 60 - 90%.

Resources required: Teachers to teach the students beyond the college timings for their improvement in the academics. Faculty members to clarify the doubts in the tutorial classes.

Best Practice - 2: Mentoring System for Students to overcome stress, personal-, domestic-, academic- difficulties

Goal: To minimize dropouts and give guide lines to students for their career plans and overcome their difficulties in learning the subject through personal counselling.

The process: The practice creates an efficient mentoring system. Each teacher is assigned 15-20 students. They meet at least once a week to discuss, clarify and primarily share various problems which may be personal, domestic, academic, etc. The teacher is equipped with all the necessary information about his/her wards in a file. The teacher involves local guardians and parents as well, whenever necessary.

Evidence of Success: It is needless to say that a mentor gets the job satisfaction. Evidence of success of the practice includes better results in the examinations, more regular attendance, increased participation in co-curricular activities, better discipline on campus and respectful relationship between teachers and students.

Resource required: This practice requires well-committed teaching staff who have the desire to help students

7.4 Contribution to environmental awareness / protection

The institute conducts green audit of the campus and facilities.

• All the vehicles are maintained in a good working condition to ensure minimal air

pollution.

- Greenery is grown in the entire campus to ensure pleasant environment
- The institute is moving towards a paper free communication system to minimize paper consumption.
- Cleanliness: all the class rooms, staff rooms, laboratories and rest rooms are maintained cleanly.

7.6 Any other relevant information the institution wishes to add. (for example SWOC Analysis)

SWOC Analysis of Institute:

Strengths

- 1. Institute has well qualified and highly dedicated Teaching and Non-Teaching Staff.
- 2. Institute has well equipped infrastructure with wi-fi connectivity.
- 3. Teaching focused on employment and entrepreneurship development oriented.
- 4. Institute has excellent rapport with outside corporate world for technical and managerial support.

Weaknesses

- 1. Students from rural area. striving to meet national and global standards in technical education and facing language barriers.
- 2. Institute has to upgrade their teaching community for higher research skills and activities.

Opportunities

- 1. Institute is continuously organizing various development programs for the academic benefit of the teachers and students through seminars, workshops, conferences, symposiums and annual student meets.
- 2. Increasing demand for technical education at graduate and post graduate level in various sectors.

Challenges

- 1. Institute has competition from other technical and management educational institutes.
- 2. To produce more qualified and industry ready technicians and managers.
- 3. Being a private institute the turnout of the faculty is quite natural for their better professional and technical development.

8. Plans of institution for next year

➤ Increasing the number of Professors and Associate Professors with doctorial degree by at least 15%.
