REPORT

Lords Institute of Engineering and Technology under its NSS wing organized Swachh Bharath on 05-02-2020 at Rajendra Nagar, Kismatpur, Hyderabad, to create awareness amongst the students and residents regarding the environment.

Swachh Bharat Abhiyan (SBA) or Swachh Bharat Mission (SBM) or CleanIndia Mission in English is a campaign in India that aims to clean up the streets, roads, cities, smaller towns, and rural areas. The objectives of Swachh Bharat include eliminating open defecation through the construction of household-owned and community-owned toilets and establishing an accountable mechanism of monitoring toilet use.

NSS volunteers gave awareness program to people of Rajendra Nagar & Kismatpur village. Through this venture, the students hope to foster a sense of team spirit and also inculcate in the youth, the importance of a clean city. They hope to send across to the masses the message of building a cleaner and healthier environment.

The college management also supported the activity. The faculty members also showed their active participation and made the event successful.
