ABOUT THE INSTITUTION

Lords Institute of Engineering and Technology has been imparting education with an all-around approach to make way for highly skilled industry leaders since its inception in 2003. The institution has been at the forefront of delivering quality engineering education to meet the needs of ever evolving technology of the world. Over the course of 18 years, more than 8000 students have been graduated from the institution and are well-settled in their respective careers in India and abroad.

ABOUT THE DEPARTMENT

The Department of English was established in the year 2003. The Department consists of well-experienced faculties, who have been actively contributing in the field of teaching & research. The faculty has published several papers in reputed journals and also has to the credit of publishing a book. The Department has well-equipped multi-media laboratories that cater to enhance the communication and employability skills through role play, JAM session, Group Discussion and Presentation. The Department exclusively has an **Orator's Club** that focuses on the presentation skills of the students. The students also organize and host the events of the Club. The Department has also established four other clubs: Scholastic Tutelage, Tagmemic Argots, Gabfest Faire & Leading-Edge Rivulets. The Department has the credit of organizing FDP's, Webinars, National Quizzes, and various competitions on Essay, Debate and Presentations for the over-all development of the students.

STTP THEME

English is one of the widely spoken language around the world. For an Engineer and an Engineering student, English language fluency is important both in studies and career.

We are organizing a Two week Short Term Training Programme from 21st June 2021 to 03rd July 2021, on “Enriching Pragmatic Pedagogy for the Emerging Teachers” with a view to give the faculty an opportunity to have interactions with the eminent speakers and upgrade their teaching methodologies. There will be invited lectures and interactive sessions. Young teachers will be given opportunity to boost themselves with the latest trends in teaching.
