Lords Institute of Engineering and Technology started in 2003 aims to impart education through an all-round practical approach to create well qualified and industry ready engineers. We strive to inculcate innovative thinking and entrepreneurial skills in the students and thereby cater to the needs of ever changing industry. From humble beginning with strength of 180 students in 2003, Lords, today, has more than 3000+ students pursuing various programs that include B.E, M.E and MBA. The student body represents more than 20 states of India and more than 15+ Nationalities from across Africa and Asia. In the past 18 years, over 8000 students have graduated from the college and are well settled in their careers. The quality of learning that happens at Lords Institute of Engineering and Technology has always been the focus of the Administration. In order to ensure top quality in all aspects, the Institution has always put in its best efforts for giving maximum benefit to the Students. Over and again, the University, Government and Industry have acknowledged the unrelenting efforts of the institution.

## About the Conference:-

The ICEAT-2021 is a two-day opportunity that connects undergraduate students, Faculties from around the world. ICEAT connects the leaders of today with the students like you-the leaders of tomorrow-to create a meaningful dialogue. It aims to be an excellent setting to discuss the current progress in Engineering and Technology and Management related fields, the development based upon new concept and the advance in modern Engineering and Technology. Students and Faculties can publish the papers selected in ICEAT-2021 in various top journals such as SCIE, SCOPUS, UGC etc.
