1. HOD's Message

Greetings!

The Department of CSE-AI&ML at Lords Institute of Engineering and Technology, Hyderabad is located in a sprawling environment with a state of art facilities and highly qualified and experienced faculty. The Department always believes in outcome-based education and also develops critical thinking, analyzing skills and inculcates research among the learners.

The teaching learning process in the department is facilitated to empower and provide all the required support to students and the staff where each and every individual can step towards building the career and enhancing their knowledge, at the same time the students will be ready to face any challenges to achieve their goals.

The department also encourages each and every learner through a Mentor–Mentee Scheme where students are emphasized for good academics, placements, to involve in active learning by using the NPTEL lectures & videos, involving in technical events, out-bound activities, certification courses, curricular & co-curricular activities, sports and to take professional body membership apart from the regular syllabi.

The faculty members are encouraged to publish research papers in reputed journals, participate in Faculty Development Program and workshop through a well-supported system. The department preserves its achievements and publishes its all activities by bi-annual magazine '**DIGITAL BRAINS**'

It gives me immense pleasure to lead the department of CSE-AI & ML.

Good Wishes!

Dr. Abdul Rasool MD
Associate Professor & HOD

2. Vision & Mission

Vision of the Department:

To obtain high quality standards in education by utilizing cutting-edge technologies, build an ecosystem that will contribute meaningfully to society by producing world class Engineers in the field of Artificial Intelligence and Machine Learning.

Mission of the Department:

DM 1: To Provide intense training to generate knowledge using state of art Artificial Intelligence

and Machine Learning concepts and technologies.

DM 2: To bring along scholars and students in a interdisciplinary setting to carry on making substantial advances in expanding the potential of a machine or human-machine systems

that can handle challenging higher cognitive functions.

DM 3: To encourage the formation of academic-industry collaborations and societal outreach projects.

DM 4: To educate students with modern tools to take part fully and ethically in a varied society while also encouraging lifelong learning.

Note: DM: Department Mission

3. Program Educational Objectives (PEOs)

PEO1: Students will have strong foundations in Basic Sciences, Mathematics, Computer Science and allied engineering.

PEO2: Students will use their knowledge and expertise to grow in their employment and/or pursue professional degrees, as well as to solve problems as innovators.

PEO3: Students will be able to solve issues artistically, interact efficiently and function properly in interdisciplinary teams while maintaining high work values and morals.

PEO4: Students will be able to react, produce and develop ideas in the fields of Artificial Intelligence and Machine Learning as well as cooperate successfully in researching.

AN AUTONOMOUS INSTITUTION

DEPARTMENT OF CSE-AIML

Welcomes

all the parents to

PARENT-FACULTY MEET

at 1st Floor, Main Building, LIET

Date: 24th June 2023

Venue : Room No.117

10:00am - 4:30 pm

Name of the event: Parent Teacher Meet

Date of event: 24-06-2023

Description: Parent Teacher Meeting was held on 26th June 2023 at CSE-AIML Department at Room no 117. It was organized to discuss the performance of students with their parents. Parents were given responses on their ward's performances.

The contact between the teacher and the parents was excellent for the growth of their child, and they talked about both areas of strength and those that needed improvement. A progress report from the Department was given to the parents, which included information about Ward attendance and the results of internal exams. The parents' suggestions were successfully recorded. Any indication that a child is not making progress is investigated and dealt with, whether they fall into the lower, middle, or upper range. Total 65 parents attended the meeting. This is one of the good numbers; The Department really appreciates the parents for attending the PTM. As the PTM came to a close, it was determined that cooperation, mutual respect, and combined effort between parents and instructors were crucial for the development and well-being of the pupils.
