1. VISION AND MISSION

The vision of the Institute:

Lords Institute of Engineering and Technology strives continuously for excellence in

professional education through quality, innovation, and teamwork and to emerge as a premier institute in the state and across the nation.

The mission of the Institute:

- ◆ To impart quality professional education that meets the need of present and emerging technological world.

- ◆ To strive for student achievement and success, preparing them for life, career, and leadership.

- ◆ To provide a scholarly and vibrant learning environment that enables faculty, staff and studentsto achieve personal and professional growth.

- ◆ To contribute to the advancement of knowledge, in both fundamental and applied areas   of engineering and technology.

- ◆ To forge mutually beneficial relationships with government organizations, industries, society and the alumni.

Vision of the Department:

To obtain high-quality standards in education by utilizing cutting-edge technology, build an ecosystem that will contribute meaningfully to society by producing world Class Engineering in Artificial Intelligence and Machine Learning field.

Mission of the Department:

- ◆ Provide intense training to generate knowledge using state of art Artificial Intelligence and Machine Learning concepts and technology.

- ◆ The standard is to bring along scholars and students in a multidisciplinary setting to carry on making substantial advances in expanding the potential of machine or human-machine systems that can handle challenging higher cognitive functions.

- ◆ Encourage students to the formation of academic-industry collaborations and societal outreach projects.

- ◆ Educate students to take part fully and ethically in a varied society while also encouraging lifelong learning.

2. MESSAGE FROM THE HEAD OF THE DEPARTMENT

The Department of CSE at Lords Institute of Engineering and Technology, Hyderabad is located in a sprawling environment with a state of art facilities and highly qualified and experienced faculty. The Department always believes in outcome-based education and also develops critical thinking, and analyzing skills and inculcates research among the learners.

The teaching-learning process in the department is facilitated to empower and to provide all the required support to the students and the staff where every individual can step towards building a career and enhancing their knowledge, at the same time students will be ready to face any challenges to achieve their goals. The department also encourages every learner through a Mentor–Mentee setup student are emphasized for good academics, placements, to involve in active learning by using the NPTEL lectures & videos, and involving in events, outbound activities, certification courses, curricular & co-curricular activities, sports and to take professional body membership apart from the regular syllabi. The faculty members are encouraged to publish research papers in reputed journals, and participate in Faculty Development Program and workshops through a well-supported system. It gives me immense pleasure to lead the department of CSE.

3.6 Faculty Development Program

EMERGING TECHNOLOGIES IN COMPUTER SCIENCE & APPLICATIONS

The department of CSE, LIET conducted a one-week in-house FDP on Emerging Technologies in Computer Science & Technologies. There were two sessions each day- morning & afternoon. Few of the topics of this FDP were Cancellable Biometrics, Block Chain Technologies, Advanced Data Structures, Applications of Graphs, Building a Wikipedia Text Corpus for Natural Language Processing, Chat GPT – AI Chatbot, Datafication, etc.

The FDP fostered a dynamic learning environment, equipping faculty with tools to update curriculum and guide students effectively. Overall, the program successfully bridged the gap between academia and the ever-evolving tech landscape.

3.7 Orientation Program in virtual mode

Date: 9-5-2023

Type of Event: Orientation Program in virtual mode

Title of the Event : Full Stack Web Development

Department of CSE conducted an online orientation program" _VOIS for Tech" (Vodafone Intelligent solutions) for the CSE students of 2nd year students.

The speakers engaged the session by telling the program's importance and guided through the signup process for the program. The Full Stack Developer Mr Nashit Humam has given the introduction to Java.

This program enables the students to bolster themselves by acquiring skills to design meaningful tech solutions for real world problems. As a part of the program, the students and the faculty get an opportunity to participate in bootcamps, hackathons, and conversations with experts from the industry to boost their zeal to innovate in the real world context. These learners go through the program content and acquire market-linked skills, thereby, enhancing their 'employability in the ITSS sector.

3.10 STUDENT TECHNICAL TRAINING PROGRAM

Campus Recruitment Training(CRT) Classes

Event Type : Technical Training

Event Title : Data Structures and Python Programming

Trainers : Mr. Surya & Ms. Ambika

Date: 14th to 25th March 2023

Venue: CSE Seminar Hall

Conducted by: Logic Work

Attended by: II B.E CSE students

About the training:

 LIET conducted ten days of Student Technical Training Program for the students of 2nd year from CRT from 14th to 25th **March** 2023. Theses CRT sessions were conducted in association with Logic Works. Nearly 120 students of CSE branch attended these classes.

The base line of these classes was to improve the Programming skills and soft skills of the students and to extract their hidden talent. This program helped the participants form a strong technical foundation in data structures and Python programming, which would definitely help them in getting placed in good organizations.

 This program concluded with hands on training on project development with code practice related to banking system using Python given by Ms. Ambika participants learned about mini project preparation and code practice related banking system.

No. of participants: 120

Faculty coordinators: Mrs Ashwini, Assistant Professor   **HoD**

                     Ms. Saida Masarat P, Assistant Professor

The topics covered during the day included an introduction to Python, its features, variables, data types, ternary operators, and control statements such as if-else-if, ternary, for, while, and pass.
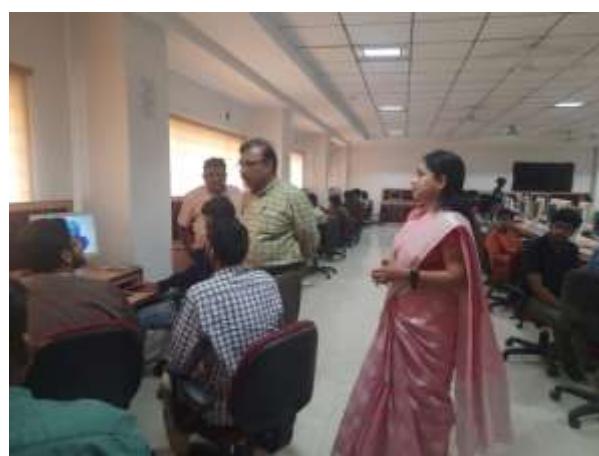

Activity conducted in seminar hall during session

Afternoon session is about Strings, Lists programing in 222 G lab.

Students Practicing in lab

➕ Student learning about Refactoring the Code Using a Mix in Class.

5.PARENTS TEACHERS MEETING

Description:

      The Parent Teacher Meeting of the CSE department was conducted on 24th JUNE 2023, in CSE Seminar Hall 202 room for 4th Sem 2nd year students. The academic progress of the students, their performance in CIE-1, attendance percentage, previous semester results, activities conducted in the college, guess lectures, technical training, placements and professional bodies membership were discussed with the parents. Parents and students were counselled on how much time to spend on daily basis to prepare to get good marks in the exam. 2nd-year students were also suggested to enrol in advanced programming courses, beyond the syllabus to get job ready till the end of their engineering course. Feedback, remarks and suggestions were taken from parents as well. The progress report for the current semester was handed over to the parents. Those students having consistently less attendance are recognised and counselled students and informed parents to send their wards regularly.

      The main aim of this meeting was to build a healthy relationship among the teachers, parents and students. Head of the Department, Deans, Class In-charges, mentors interacted with the parents. Honourable Secretary madam, Principal and Vice Principal were present at meeting and also spoke to the parents. There were around 140 above participants.

Department:

Computer Science and Engineering

No of Participants: 140
