Foreword

Dr. T.K.Shaik Shavali

Greetings...!

As the Head of the Department of Computer Science and Engineering, I am proud to share our department's recent accomplishments and ongoing initiatives in this edition of our magazine. This year, we have made significant strides in Projects, particularly in areas such as artificial intelligence, cybersecurity, and data science. Our faculty and students continue to contribute to ground-breaking work that is shaping the future of technology.

We have also enhanced our programs to align with the latest industry trends, ensuring that our students are well-equipped to meet the challenges of the evolving tech landscape. Their achievements in competitions and internships reflect their dedication and the quality of education they receive here.

Looking forward, our department remains committed to fostering innovation, collaboration, and academic excellence. I extend my gratitude to our faculty, staff, students, and partners for their continued support and contributions.

THANK YOU

Dr. T .K .Shaik Shavali
Head of the Department
Computer Science and Engineering

**DR. MOHAMMED ABDUL
WAJEED**

Dear Students, Faculty Members, Alumni, and Readers,

I am thrilled to share this edition of our Computer Science and Engineering Department newsletter with you. In an era where technology is advancing at an unprecedented rate, our duty as educators, learners, and innovators is not just to keep up but to lead with intention. Today, computer science extends beyond laboratories and code repositories — it has become the medium through which society envisions its future.

This year, our department has adopted a vision that focuses on innovation with empathy, technology with ethics, and knowledge with impact. We believe that true engineering excellence is not solely defined by algorithms or architectures, but by the lives our innovations can enhance.

To nurture this mission, we have implemented several transformative academic and research practices:

Innovation-Driven Learning Ecosystem:

We continue to cultivate a culture where students learn by designing solutions for real-world problems. Through micro-innovation challenges, sandbox idea labs, and interdisciplinary hackathons, our learners are encouraged to think boldly, experiment fearlessly, and iterate constantly.

AI-First Pedagogy with Responsible Foundations:

In response to the swift integration of AI, our curriculum now includes ethical AI design, explainable systems, and AI governance principles. Students are taught not only to develop intelligent systems but also to ensure these systems remain transparent, fair, and trustworthy.

Research that Speaks to Society:

Faculty and students collaborate on projects that range from rural digital transformation to healthcare assistive technologies, smart logistics, and cyber-physical ecosystems. We focus on translational research — innovations that transition from the lab to real-world impact.

Skill Acceleration Through Personalized Learning Paths:

Every student is encouraged to create a personalized technology trajectory, whether in cybersecurity, data science, cloud-native computing, human-centered AI, or robotics. Through mentorship circles and industry-guided pathways, we assist students in navigating toward their strengths and passions.

Culture of Excellence, Compassion, and Curiosity:

We celebrate not only high achievers but also every individual who takes a step forward — those who ask meaningful questions, support peers in need, and maintain a spirit of inquiry. Our department aims to be a place where intellect is valued, kindness is respected, and curiosity is celebrated.

As we look to the future, our goal is clear: *to shape engineers who are not only technically proficient but also socially conscious, globally aware, and morally grounded.*

Let us continue to push the boundaries of knowledge, challenge conventional thinking, and create innovations that resonate with humanity. I invite every member of our CSE family to contribute — through ideas, actions, and aspirations — to the vibrant future we are building together.

With best wishes for continuous learning and purposeful innovation.

Dr. Mohammed Abdul Wajeed

Head of the Department

Computer Science and Engineering - A

Lords Institute of Engineering and Technology

DR.SYED RAZIUDDIN
HOD-CSE -B

Welcome to the Department of Computer Science and Engineering.....!!!

The field of Computer Science and Engineering is at the heart of technological innovation and societal transformation. Our department is committed to providing high-quality education, fostering research, and nurturing innovation to prepare students for the dynamic challenges of the global technology landscape.

We emphasize a strong foundation in core computer science principles, complemented by hands-on experience, industry exposure, and research-driven learning. Our dedicated faculty members continuously strive to mentor students not only to excel academically, but also to develop problem-solving skills, ethical values, and professional competence.

We encourage our students to actively participate in academic, co-curricular, and extracurricular activities, embrace lifelong learning, and contribute meaningfully to society through technology.

I wish all our students, faculty, and staff great success in their academic and professional endeavors.

Dr.Syed Raziuddin

Head of the Department

Computer Science and Engineering-B

Lords Institutes of Engineering and Technolog

MS.MD.ASMA
ASSOCIATE HOD-CSE -A

It is my honour to address you today as the Associate Head of the Department of Computer Science Engineering at Lords Institute of Engineering and Technology. Our department has always been at the forefront of innovation and excellence, and today, I am proud to share some of our recent achievements and future aspirations.

Our faculty and students have consistently demonstrated exceptional dedication and talent. This year, we have seen remarkable advancements in research, with several projects being recognized at national and international levels. Our students have excelled in various competitions, showcasing their skills in areas such as artificial intelligence, machine learning, and cybersecurity.

As we move forward, we aim to strengthen our industry collaborations, enhance our research capabilities, and continue to provide a nurturing environment for our students. Together, we will strive to achieve new heights and make significant contributions to the field of computer science engineering.

Thank you

Ms.Md.Asma
Associate Head of the Department
Computer Science and Engineering-A
Lords Institutes of Engineering and Technology

MS.ASHWINI GULHANE
ASSOCIATE HOD-CSE -B

The Department of Computer Science and Engineering is dedicated to academic excellence, innovation, and holistic student development. As the Associate Head of the Department, I work closely with faculty and students to strengthen academic programs, encourage research activities, and promote industry-oriented learning.

Our department strives to create an environment that nurtures technical competence, critical thinking, and ethical responsibility. We continuously update our curriculum and teaching methodologies to align with emerging technologies and industry requirements.

I encourage students to make the best use of the opportunities provided, actively engage in learning, and develop skills that will enable them to succeed in their professional careers.

I wish all our students and faculty continued success.

Thank you

Ms.ASHWINI GULHANE
Associate Head of the Department
Computer Science and Engineering-B
Lords Institutes of Engineering and Technology

I.VISION & MISSION OF THE DEPARTMENT

VISION

To emerge as a center of excellence for quality Computer Science and Engineering Education with innovation, leadership and values.

MISSION

- **To Impart Quality Education with social consciousness and make them Globally Competent.**
- **DM1:** Provide fundamental and practical training through learner – centric Teaching-Learning Process and state-of-the-art infrastructure
- **DM2:** Develop design, research, and entrepreneurial skills for successful career
- **DM3:** Promote training and activities through Industry-Academia interactions.

ii.PROGRAM EDUCATIONAL OBJECTIVES (PEOS)

- **PEO1:** Exhibit strong foundations in Basic Sciences, Computer Science and allied engineering
- **PEO2:** Identify, formulate, analyze and create professional solutions, novel products using appropriate tools and techniques, design skills.
- **PEO3:** Pursue successful career with continuous learning, with emphasis on competency oriented towards industry
- **PEO4:** Practice ethics, managerial and leadership skills to work cohesively within a group

I.FACULTY CONTRIBUTION1.1.JOURNAL PUBLICATION

Sr No	Name of Author	Title	Journal	Month and year of publication	Indexing
1	Mr. Abdul Aakhir, Mr. Md Dilwar Alam	Deep Learning Model for Reliable Handwritten Signature Authentication	International Journal of Innovative Research in Technology	October, 2025	Google Scholar
2	Dr.Syed Raziuddin, Dr.Misbah uddin Quadry	Apodization -Based Mitigation of Aperture Dilution Effect in Imaging Systems with Maximum Ratio Combining	Journal of Engineering and Technology Management	September, 2025	JETM/9387
3	Ms. Noorunnisa, Dr. Ruhiat Sultana	Methods of Supervised Machine Learning for Forecasting Scholarly Performance of Scholars	VEGUETA	July 2025	Scopus

1.2.PATENT GRANTED

Sr No	Name of Inventor(s)	Title of Invention	Application Number	National / International	Grant Date	Patent No.
1	Dr. T. K. Shaik Shavali	Convolutional Neural Network(CNN) Based Computer Device For Student Career Forecasting	6444523	International	22/05/2025	6444523
2	Dr.Anitha Patil, S.Zubair, Momin Mahaboob Ali, Pathan Khannam, Ashwini, Triveka	A System for Accident Detection and Notification using CCTV Videos in city using Deep Learning	202441002353	National	12/01/2024	202441002353
3	Dr.Jangala Sasi Kiran	IOT base Heart attack detection Device	356947-001	National	31/03/2023	356947-001

1.3.PATENT PUBLICATIONS

Sr No	Name of Inventor	Title of Invention	Application Number	Publication Date	National / International
1	Mrs. Nandini Ghosh	The Parallel Fuzzy C Median Algorithm using Spark for Big Data	202541105458 A	Nov, 2025	National
2	Mrs. MD Asma, Ms.Ashwini Gulhane,Ms.D Venkatravamma, Ms.Rizwana Khatoon, Ms.Varaganti Bhavana	Adaptive Machine Learning System for cross database Facial-Expression Recognition	202541102382 A	Nov, 2025	National

1.4.FACULTY CONFERENCE PUBLICATIONS

S No	Name of Author	Title	Name of Conference	Month and Year of Conference	National/ International
1	Mr.Najeemullah Baig	Ultra-Whiteband Low-Noise Amplifier Using Active-Inductor	Regional Conference on Emerging Trends in Engineering	November 2025	National
2	Mrs. MD Asma, Dr. Ruhiat Sultana	Real-Time Parking Slot Occupancy Detection using CNNs and Computer Vision in Smart Cities	Emerging Trends in Computer Science and Intelligent Systems	October 2025	International

1.5.PHD. PURSUING

S.No	Faculty Name	University of Registration	Year of Registration	Topic	Area of Research
1.	Rizwana Khatoon	Bharatiya Engineering Science and Technology Innovation University(BESTIU)	2023-2024	Trust-based routing mechanism to secure the transmission path in wireless sensor networks	Cryptography
2.	Ashwini Gulhane	KL University	2023-2024	-	Data science
3.	Md. Asma	KL university	2023-2024	-	Data Science
4	Ms Ghazala Begum	KL university	2024-2024	-	AIML
5	Ms Neha Shireen	KL university	2024-2025	-	AIML
6	Ms Zeba Masroor	KL university	2024-2025	-	AIML
7	Ayesha Parveen	Andhra University	2014	-	Text Mining
8	Ryan Husain	Anurag University	19-03-2025,	-	NLP x Cyber Security

1.6.BOOK/BOOK PUBLICATIONS PUBLICATION

S No	Name of the Author	Title of the Book/Book Chapters	Name of the Publisher	ISBN Number	Month /Year	National/ International
1	Dr. Mohammed Abdul Wajeed	Sustainable Software Solutions for Business Project Management Integrating Eco Conscious Practices: Real-Time Applications in Healthcare Systems	IGI Global	979-8-3373-4652-6	November, 2025	International

1.7.AWARDS AND RECOGNITION

<u>S.n</u> <u>O</u>	Name of the Faculty	Name of the Award/Recognition	Name of the Agency	Government/Non-Government	Month & Year of Award/Recognition
1	Dr. T.K. Shaik Shavali	Honorary Felicitation Certificate for our decade-long service to private institution	Telangana Private Teachers and Lecturers Federation	Non Government	Jan-25
2	Dr. J. Sasi Kiran	Honorary Felicitation Certificate for our decade-long service to private institution	Telangana Private Teachers and Lecturers Federation	Non Government	Jan-25
3	Dr Ruhiat Sultana	I2OR International Women in Engineering	International Institute of Organised Research	Government	Mar-25
4	Mohammed Abdul Wajeed	Reviewer	Advances in Science, Technology and Engineering Systems Journal	Non Government	Mar-25
5	Mohammed Abdul Wajeed	Reviewer	International conference on "Next gen technology and AI for the sustainable future"	Non Government	Apr-25

is hereby awarding this certificate to

Abdul Rahman Siddiqui Mohammed

In recognition of the publication of the paper entitled
DNA-driven Multi-Factor Authentication System

Published in Volume 13 Issue 4, November-2025, 19-11-2025, | Impact Factor: 9.37 by Google Scholar
Co-Authors - Zahar Shahid Khan, Syed Taufeeq, Ashwini Gadhane

Paper ID - UEDR2504336

Registration ID - 302428

Editor-In Chief

Follows Transparency of Peer Review in compliance with the latest USC CARE and other global indexing norms.

An International Leading Open Access Journals, Peer-Reviewed, A Refereed Journals, A Research Research Tool, Multidisciplinary, Monthly, Online, Peer-Reviewed, Indexed Journal

INTERNATIONAL JOURNAL OF ENGINEERING DEVELOPMENT AND RESEARCH | IJEDR
Website: www.ijedr.org | Email ID: editor@ijedr.org

IJEDR | ISSN: 2321-9939

INTERNATIONAL JOURNAL OF ENGINEERING DEVELOPMENT AND RESEARCH

(International Peer Reviewed, Open Access Journal)

The Board of

INTERNATIONAL JOURNAL OF ENGINEERING DEVELOPMENT AND RESEARCH

Is hereby awarding this certificate to

Zohair Shahid Khan

In recognition of the publication of the paper entitled

DNA-driven Multi-Factor Authentication System

Published in Volume 13 Issue 4, November-2025, 19-11-2025, | Impact Factor: 9.37 by Google Scholar

Co-Authors - Abdul Rahman Siddiqui Mohammed Syed Taufiq Asheeq Gulrahe

Paper ID - IJEDR2504336

Registration ID - 302428

Editor-In Chief

Follow "Transparent Peer Review" in compliance with the latest UGC CARE and other global indexing norms.

An International Scholarly Open Access Journal, Peer-Reviewed, Refereed Journal, Impact Factor, Monthly, Online, Peer Journal, International Journal

INTERNATIONAL JOURNAL OF ENGINEERING DEVELOPMENT AND RESEARCH | IJEDR

1.9.Faculty Attended FDPS/Workshops/Seminar/Guest lectures

S.No	Name of the Faculty	Title of the Program	Dates	No. of days	Venue
1.	Dr. Syed Raziuddin	Five-Day National Level Online Faculty Development Program on “Next-Gen Research in Computer Science & Engineering”	13th to 17th October 2025	5 Days	Lords Institute of Engineering and Technology.
2.	Dr. Khaja Mizbahuddin Quadry	Five-Day National Level Online Faculty Development Program on “Next-Gen Research in Computer Science & Engineering”	13th to 17th October 2025	5 Days	Lords Institute of Engineering and Technology.
3.	Miss Ashwini Gulhane,	Joy of AI in Action: Applying Traditional and Agentic AI to Real-World Problems	18/08/2025To 23/08/2025.	6 Days	Vallurupalli Nageswara Rao Vignana Jyothi Institute Of Engineering And Technology (Vnrvjiet)
		Healthcare 5.0: Integrating AI, Tiny ML & Robotics for Real-World Impact	08/09/2025 To 13/09/2025.	6 Days	Government Polytechnic , Ahmedabad
		Demystifying Transformers: The Brains Behind Generative AI	25/08/2025 To 30/08/2025.	6 Days	Government Polytechnic
		Five-Day National Level Online Faculty Development Program on “Next-Gen Research in Computer Science & Engineering”	13th to 17th October 2025	5 Days	Lords Institute of Engineering and Technology.
4.	Ms.Rizwana Khatoon	Emerging trends in teaching and learning and outcome-based education	18/08/2025To 23/08/2025.	6 Days	Lords institute of engineering and technology.
		Five-Day National Level Online Faculty Development Program on “Next-Gen Research in Computer Science & Engineering”	13th to 17th October 2025	5 Days	Lords Institute of Engineering and Technology.

5.	Miss Zeba Masroor,	5G: Future Impact, Ai Coherence And Adherence To Digital Connectivity	25/08/2025 To 30/08/2025.	6 Days	Vivekananda Institute of Technology
		Recent Advances & Emerging Trends & Application in Robotics and Automation at	01/09/2025 To 06/09/2025.	6 Days	Nitte Meenakshi Institute of Technology
		Five-Day National Level Online Faculty Development Program on “Next-Gen Research in Computer Science & Engineering”	13th to 17th October 2025	5 Days	Lords Institute of Engineering and Technology
		Sustainable Energy and Climate Solutions	18/08/2025 To 23/08/2025.	6 Days	Yeshwantrao Chavan College Of Engineering
6.	Miss Koyeti Priyarika Sagar,	Advanced AI for Real-World Applications: From Generative Models to Ethical AI at	25/08/2025 To 30/08/2025.	6 Days	Jhulelal Institute Of Technology
		Joy of AI in Action: Applying Traditional and Agentic AI to Real-World Problems	18/08/2025 To 23/08/2025.	6 Days	Vallurupalli Nageswara Rao Vignana Jyothi Institute Of Engineering And Technology (Vnrvjiet)
		Five-Day National Level Online Faculty Development Program on “Next-Gen Research in Computer Science & Engineering”	13th to 17th October 2025	5 Days	Lords Institute of Engineering and Technology.
7.	Mrs. Mayuri R. Tone,	Next-Gen Innovation: AI, Blockchain and AR/VR Metaverse for Digital Excellence	03/02/2025 To 08/02/2025.	6 Days	Jain Deemed To Be University School Of Computer Applications And It
		Demystifying Transformers: The Brains Behind Generative AI at	25/08/2025 To 30/08/2025.	6 Days	Vellore Institute Of Technology
		Five-Day National Level Online Faculty Development Program on “Next-Gen Research in	13th to 17th October 2025	5 Days	Lords Institute of Engineering and Technology.

		Computer Science & Engineering”			
8.	Mrs. Varaganti Bhavana,	Joy of AI in Action: Applying Traditional and Agentic AI to Real-World Problems	18/08/2025 To 23/08/2025.	6 Days	Vallurupalli Nageswara Rao Vignana Jyothi Institute Of Engineering And Technology (Vnrvjiet)
		Five-Day National Level Online Faculty Development Program on “Next-Gen Research in Computer Science & Engineering”	13th to 17th October 2025	5 Days	Lords Institute of Engineering and Technology.
9.	Mr.S.Naveen	Five-Day National Level Online Faculty Development Program on “Next-Gen Research in Computer Science & Engineering”	13th to 17th October 2025	5 Days	Lords Institute of Engineering and Technology.
10.	Dr.Mohammed Abdul Khaleel	Five-Day National Level Online Faculty Development Program on “Next-Gen Research in Computer Science & Engineering”	13th to 17th October 2025	5 Days	Lords Institute of Engineering and Technology.
11.	Mr Mohammed Maseehuddin	Five-Day National Level Online Faculty Development Program on “Next-Gen Research in Computer Science & Engineering”	13th to 17th October 2025	5 Days	Lords Institute of Engineering and Technology.
12.	Ms.Farheen Sultana	Five-Day National Level Online Faculty Development Program on “Next-Gen Research in Computer Science & Engineering”	13th to 17th October 2025	5 Days	Lords Institute of Engineering and Technology.
13.	Ms. Shazia Iqbal	Five-Day National Level Online Faculty Development Program on “Next-Gen Research in Computer Science & Engineering”	13th to 17th October 2025	5 Days	Lords Institute of Engineering and Technology.
14.	Mr. Raju SK	Five-Day National Level Online Faculty Development Program on	13th to 17th October 2025	5 Days	Lords Institute of Engineering

		“Next-Gen Research in Computer Science & Engineering”			and Technology.
15.	Mr. Jagadeshwar Reddy	Five-Day National Level Online Faculty Development Program on “Next-Gen Research in Computer Science & Engineering”	13th to 17th October 2025	5 Days	Lords Institute of Engineering and Technology.
16.	Ms. Ataliya Aarfeen	Five-Day National Level Online Faculty Development Program on “Next-Gen Research in Computer Science & Engineering”	13th to 17th October 2025	5 Days	Lords Institute of Engineering and Technology.
17.	Ms. Samreddy Swathi	Five-Day National Level Online Faculty Development Program on “Next-Gen Research in Computer Science & Engineering”	13th to 17th October 2025	5 Days	Lords Institute of Engineering and Technology.
18.	Mr. Adithya Kumar	Five-Day National Level Online Faculty Development Program on “Next-Gen Research in Computer Science & Engineering”	13th to 17th October 2025	5 Days	Lords Institute of Engineering and Technology.
19.	Md. Dilwar alam	Five-Day National Level Online Faculty Development Program on “Next-Gen Research in Computer Science & Engineering”	13th to 17th October 2025	5 Days	Lords Institute of Engineering and Technology.
20.	Ms. Mohammed Saniya	Five-Day National Level Online Faculty Development Program on “Next-Gen Research in Computer Science & Engineering”	13th to 17th October 2025	5 Days	Lords Institute of Engineering and Technology.
21.	Mr. Grandi Krishnarji	Five-Day National Level Online Faculty Development Program on “Next-Gen Research in Computer Science & Engineering”	13th to 17th October 2025	5 Days	Lords Institute of Engineering and Technology.
22.	Mrs D Venkatravamma	Cloud computing	12-01-25 to 5-4-25	84 days	Virtual

23.	Mrs D Venkatravamma	Software testing	22-7-25 to 5-10-25	84 days	Virtual
24.	Mrs Dr Ruhiat Sultana	AI tools	6-10-25 to 10-10-25	5 days	Pantech e - learning
25.	Mrs Gazala begum	Innovative approaches cyber securiry,digital arrest	25-8-25 to 30-8-25	5 Days	ATAL(virtual)
26.	Mrs D Venkatravamma	Image processing tools& technique	13-10-25 to 17-10-25	5 days	Pantech e - learning
27.	Mr Dr M.A Abdul Wajeed	Research on Gen-AI	13-10-25 to 17-10-25	5 Days	LIET - virtually
	Dr Ruhiat sultana				
	Mrs Nandini Ghosh				
	Mr Najeemulla baig				
	Ms Tanwi Mahaboob				
	Mrs Sweta Bhosale				
	Mrs N Vibhavari				
	Ms Ayesha Parveen				
	Mrs Gazala Begum				
	Mr L Vijay Kumar				
	Mrs MD Asma				
	Mr Abdullah				
	Mr Md Salahuddin				
	Mr Abdul Rafay				
	Ms Tandra Ramasree				
	Mrs Syeda Madiha Banu				
	Ms Noor Unissa				

	Mrs D Venkatravamma				
28.	Mrs Dr Ruhiat sultana	Quantum computing	2-11-25 to 7-11-25	5 Days	Qualcomm Virtual
29.	Mrs D Venkatravamma				
30.	Abdullah				
31.	Mrs Dr Ruhiat sultana	Oracle cloud infrastructure		5 Days	
32.	Ms T Ramasree	Proposal writings	27-10-25 to 6-11-25	5 Days	CVR college (virtual)
33	Mrs Dr Ruhiat sultana	Methodology ,analytical tools,integration “Emerging research paradigms”	17-11-25to 22-11-25	5 Days	LIET(virtual)
	Mr Ahmad Siddique				
	Mr Abdullah				
	Mr Abdul Rafay				
	Ms T Ramasree				
	Mrs Syeda Madiha Banu Mrs Gazala begum				
	Mr Salahuddin				
	Ms Sweta Bhosale				
	Ms Ayesha Parveen				
	Mrs D Venkatravamma				

2.PROFESSIONAL BODY- Faculty Membership Details

4.EVENTS

4.1. EXPERIENCE THE FUTURE :AR & VR UNLEASHED

Type of the Event : Seminar

Title of the Event: Experience the Future : AR & VR Unleashed

Resource Person With One Line Short Profile:

1.Mr.Vinoth E ,Aerospace Engineer/Azure AI /XR Developer-Space Mission

2.Mr.Anumukonda Ramesh,Educator and Founding APartner at A Plus Associates LLP

Description about the Event(50Words):

Department of CSE was conducted a seminar on " Experience the Future : AR & VR Unleashed " for 3rd year students on 23-07-2025 at, II floor, A P J Abdul Kalam Seminar Hall, Dr. Ravi Kishore Singh, Principal LIET, Dr T. k. Shaik Shavali Dean -CSE graced the event. Associate Hod -CSE has welcomed all the participants and the guest faculty.

The seminar concluded with an immersive and cutting-edge event designed to showcase the transformative power of Augmented Reality (AR) and Virtual Reality (VR). Dive into a world where imagination meets innovation and the boundaries between physical and digital realities blur.

This event brings together tech enthusiasts, developers, educators, students, startups, and industry leaders to explore how AR & VR are reshaping the way we learn, work, play, and interact with the world around us. From interactive demos and hands-on workshops to expert talks and live simulations, participants will experience the full potential of immersive technologies.

Whether you're a curious learner or a seasoned tech visionary, this event offers a front-row seat to the future — where virtual experiences, mixed realities, and spatial computing are no longer just science fiction.

Special vote of Thanks to Dr. Ravi Kishore Singh, principal LIET.

Overall, the seminar proved to be an enlightening experience for students, providing them with valuable knowledge and perspectives on real world applications across various disciplines.

4.2. INDUSTRY EXPERT LECTURE: DATA STRUCTURES FOR THE FUTURE

Type of the Event : Industry Expert Lecture

Title of the Event: Data Structures For the Future

Resource Person with One Line Short Profile:

1.Mr. Shaukat Ali, Principal Software Engineer, Global IT Finest Pvt,Ltd,Hyd

Description about the Event(50Words):

Department of CSE conducted an Industry Expert Lecture on "Data Structures for the Future " for 2nd year students on 26-07-2025 to 20-09-2025 at, II floor, A P J Abdul Kalam Seminar Hall, Hod -CSE has welcomed all the participants and the guest faculty.

Th Data Structures for the Future Event conducted at the engineering college proved to be “Data Structures for the Future” is an interactive seminar/workshop designed to explore the evolving role of data structures in shaping tomorrow’s technology. The field of **data structures and algorithms** is constantly evolving, with new research and innovations emerging all the time. The ongoing exploration and advancements in data structures, algorithms, and their applications continue to drive innovation across various domains, paving the way for solving complex computational problems, addressing real-world challenges, and shaping the future of computing.

Overall, the seminar proved to be an enlightening experience for students, providing them with valuable knowledge and perspectives on real world applications across various disciplines.

Organized by: CSE Department

Date of Event: 26-07-2025 to 20-09-2025

Number of Students Participants attended: 180 students

4.3. THE IMPORTANCE OF RESEARCH IN ENGINEERING: EMPOWERING INNOVATION

Type of the Event : Seminar

Title of the Event: The Importance of Research in Engineering: Empowering Innovation

Resource Person With One Line Short Profile:

1. Dr. Syed Abdul Sattar, Professor and Principal NASAKCET, HYD

Description about the Event (50 Words): Department of CSE was conducted a seminar on " The Importance of Research in Engineering: Empowering Innovation " for 3rd year students and faculties on 26-07-2025 at, IV floor, Seminar Hall, Dr. Ravi Kishore Singh, Principal LIET, graced the Event and Associate Hod -CSE has welcomed all the participants and the guest faculty. The seminar concluded with an aimed is "In today's fast-paced, technology-driven world, research in engineering is the cornerstone of advancement, sustainability, and problem-solving. This event seeks to explore the crucial role of research in shaping the future of engineering and how it empowers engineers to develop innovative solutions that address the world's most pressing challenges. From renewable energy to cutting-edge healthcare technologies, engineering research enables us to push the boundaries of what's possible.

Purpose: The goal of this event is to highlight the transformative power of research in various engineering disciplines, emphasizing its role in driving innovation, improving quality of life, and contributing to economic and societal growth. It will serve as a platform for discussing the latest research trends, methodologies, and success stories across a broad spectrum of engineering fields.

Target Audience:

- Engineers and Researchers across all engineering disciplines
- Students and Academics interested in the future of engineering and research

Thanks to Dr. Ravi Kishore Singh, principal LIET.

Overall, the seminar proved to be an enlightening experience for students, providing them with valuable knowledge and perspectives on Research. Participants will gain insights into the pivotal role of research in engineering innovation. They will learn about the latest advancements, be inspired by real-world success stories, and network with industry leaders, researchers, and policymakers shaping the future of engineering.

4.4.: PROGRAM ON CAREER GUIDANCE

Type of the Event : Seminar

Title of the Event: Program on Career Guidance

Resource Person With One Line Short Profile:

1.Mr. Ramesh Pabba ,Senior Faculty at ACE Engineering Academy

Description about the Event(50 Words): Department of CSE-A conducted a seminar on " **Program on Career Guidance**" for 2nd year students on 06-08-2025 at, II floor, A P J Abdul Kalam Seminar Hall, . Hod -CSE-A has welcomed all the participants and the guest faculty.

The Career Guidance Event conducted at the engineering college proved to be highly beneficial for the students, offering them valuable insights into various career paths available after graduation. Through interactive sessions with industry experts and alumni, students gained a clearer understanding of current job market trends, in-demand skills, and potential opportunities in both core technical fields and emerging domains. The event also shed light on higher education options in India and abroad, guiding students on preparation strategies for competitive exams such as GATE, GRE, TOEFL, and CAT. In addition to academic and career planning, the importance of soft skills, internships, and professional certifications was emphasized to enhance employability.

The event also served as a platform for students to clarify doubts, seek mentorship, and explore alternative career paths including entrepreneurship, civil services, and freelancing. Overall, the session inspired students to set clear goals, take proactive steps in their career development, and engage in future skill-building workshops planned by the college.

Overall, the seminar proved to be an enlightening experience for students, providing them with valuable knowledge and perspectives on real world applications across various disciplines.

4.6. AWARENESS PROGRAM ON HIGHER STUDIES

Type of the Event: Seminar

Title of the Event: AWARENESS Program on Higher Studies

Resource Person: Mr.Arjun Chabbra ,ACE Engineering Academy, Hyd

Description about the Event (50Words): The Department of CSE organized a Seminar on” AWARENESS PROGRAM ON HIGHER STUDIES ” on 23/08/2025 at APJ Abdul Kalam Seminar Hall, IInd floor. The event was graced by Dr. Ravi Kishore Singh, Principal, LIET, and the gathering was welcomed by the Associates of the HOD. The Seminar aimed to the Career Guidance Program for engineering students proved to be highly beneficial, as it helped participants gain clarity about various career pathways available after graduation, including higher studies, government jobs, private sector opportunities, entrepreneurship, and emerging fields such as artificial intelligence, data science, and renewable energy. Students were able to understand the importance of aligning their skills and interests with career goals, while also learning about industry expectations, employability skills, and the need for continuous upskilling. The program created awareness about competitive exams, internship opportunities, and certifications that can enhance career prospects. Additionally, it motivated students to focus on personality development, communication skills, and networking, which are crucial for professional success.

Overall, the session instilled confidence among students, broadened their vision for the future, and encouraged them to take proactive steps in planning their careers effectively.

4.7. PARENT TEACHER MEETING-B Department FOR IInd & IIIrd Year

Type of the event: PTM

Title of the Event: Parent Teacher Meeting

Description: The Parent Teacher Meeting of the CSE-B department was conducted on 20th September 2025, in CSE Seminar Hall for IIIrd sem and Vth Sem 2nd year & 3RDYear students. The academic progress of the students, their performance in CIE-1, attendance percentage, previous semester results, and activities conducted in the college, guest lectures, technical training, placements and professional bodies membership were discussed with the parents. Parents and students were counselled on how much time to spend on a daily basis to prepare to get good marks in the exam. Students were also suggested to enroll in advanced programming courses, beyond the syllabus to get job ready till the end of their engineering course. Feedback, remarks and suggestions were taken from parents as well. The progress report for the current semester was handed over to the parents. Those students having consistently less attendance are recognised and counselled students and informed parents to send their wards regularly.

The main aim of this meeting was to build a healthy relationship among the teachers, parents and students. Head of the Department, Deans, Class In-charges, mentors interacted with the parents. Honourable Secretary madam, Principal Sir were present at the meeting and also spoke to the parents.

Organized by: Department of Computer Science and Engineering

4.9.AWARENESS PROGRAM ON RAGGING-FREE CAMPUS

Type of the Event : Awareness

Title of the Program: Ragging-Free Campus

Date: 12th September 2025

Time: 10:00 AM to 12:30 PM

Venue: A.P.J. Abdul Kalam Seminar Hall, Lords Institute of Engineering and Technology

Organised by: Department of Computer Science and Engineering. An awareness program on Ragging-Free

Campus: My Perspective was organized at LIET to promote a safe, respectful, and inclusive environment among students. The program witnessed active participation from students and faculty members.

The event commenced with an oath administered by the Dr. J Sasi Kiran (Dean & Professor 1st yr. LIET), reaffirming the collective commitment towards maintaining a ragging-free campus. This was followed by a PPT presentation and a briefing session highlighting the importance of anti-ragging measures and student support mechanisms by Mr. Md Salauddin (Asst Prof CSE).

To encourage student engagement and expression, various activities were conducted:

- **Essay Writing on topics:** 1) Ragging-Free Campus: My Perspective, 2) Role of AI in Our Daily Lives, 3) Mobile Phones: Boon or Bane?, 4) Women Empowerment in Modern India, 5) My Role Model and Why.

- **Slogan Writing related to the theme:** Ragging-Free Campus: My Perspective.

- **JAM (Just A Minute) sessions on topics:** 1) Impact of Social Media on Youth, 2) Online Education vs. Classroom Learning, 3) Importance of Time Management, 4) Work-Life Balance in Today's World, 5) Climate Change and Our Responsibility.

- **Poster Making or Drawing Competition** based on Ragging-Free Campus

The program provided an excellent platform for students to voice their views and showcase their creativity while understanding the significance of building a supportive and respectful campus culture.

No of Participants: A total of 108 students attended and participated enthusiastically in the awareness program.

Venue: A.P.J. Abdul Kalam Seminar Hall, Lords Institute of Engineering and Technology

Organised by: Department of Computer Science and Engineering

The Department of Computer Science and Engineering at *Lords Institute of Engineering and Technology* organized an Interactive Data Analytics with Power BI – Learn, Build, Demonstrate session on 11th September 2025. The event was inaugurated by Dr. Abdul Wajeed (HOD, CSE-A), who highlighted the growing significance of data analytics and visualization skills in the industry.

Following this, Dr. Maqsood Alam, Dean (R&D), addressed the students and emphasized the importance of developing practical skills in emerging technologies, encouraging them to actively participate and make the most of such sessions.

The session was conducted by Mr. Mohammad Abdul Waqeed Khan, a final-year CSE student, who delivered an engaging presentation and live demonstration on the fundamentals of Power BI, including data import, transformation, visualization, and dashboard creation.

Students also participated in hands-on practical sessions, where they worked directly on Power BI to design dashboards, apply data transformations, and generate insights from real-world datasets. This practical exposure helped them strengthen their understanding of how analytics tools are applied in solving real-time business problems.

The event concluded with a powerful closing address by Dr. Ruhiat Sultana, who appreciated the efforts of the organizers and motivated students to continue exploring innovative technologies to stay industry-ready.

No of Participants: A total of 152 students participated enthusiastically, making the session highly interactive and impactful.

4.11.WORKSHOP ON LATEX FOR REPORT WRITING IN COLLABORATION WITH CSI

Type of the Event: Workshop

Title of the Event: LaTeX for Report Writing in collaboration with CSI

Resource Person: Dr. Mujeeb Hasan, Dept of Physics, LIET

Description of the Event :

The Department of Computer Science and Engineering at Lords Institute of Engineering and Technology organized LATEX is a document preparation system for the TEX typesetting program. It enables you to produce publication-quality output with great accuracy and consistency. LATEX works on any computer and produces industry-standard PDF or PS documents. LaTeX offers significant advantages, including superior typesetting for complex mathematical and technical documents, automatic, consistent formatting, excellent bibliography management, and the ability to produce beautifully structured, professional-looking documents.

4.12. BACKPACK BOOST STATIONARY DISTRIBUTION CHARITY EVENT

Type of the Event : NSSC

Title of the Event: Backpack Boost Stationary Distribution Charity Event

Description about the Event(50Words):

Department of CSE conducted an National Service Scheme Cell on "Backpack Boost Stationary Distribution Charity Event " for Madarsa students on 27-09-2025 at Madarsa Arabia Tahfeezul Quran,Dargah Hazrath Khaleej Khan ,Kismatpur Gandipet Mandal ,R.R District.

The NSSC CSE department Liet Organized Stationary Distribution Charity with the objective of supporting underprivileged students in their educational journey. The event aimed to encourage learning by providing essential study materials such as notebooks, pens, pencils, erasers, and geometry kits to the students.

Volunteers interacted with the children, motivating them to pursue education with dedication and enthusiasm. The initiative not only provided the required resources but also spread awareness about the importance of education in shaping a brighter future.

This event reflects NSSC's commitment to social responsibility, community service, and educational empowerment, ensuring that no child is left behind due to a lack of basic resources.

4.13. VALUE ADDED COURSE ON SQL QUERY OPTIMIZATION USING AI

Type of the Event : Value added Course On

Title of the Event: SQL Query Optimization Using AI

Description about the Event(50Words):

Department of CSE-B was conducted a Value added Course On “SQL Query Optimization Using AI ” for 2nd year students on 08-10-2025 to 13-10-2025 at, II floor, 222E & F lab , Hod -CSE has welcomed all the participants and the guest faculty.

The Event aimed at enhancing participants’ knowledge of modern database performance techniques powered by intelligent automation.

This Session is aimed to bridge the gap between traditional query optimization strategies and emerging AI-driven techniques that enhance data retrieval efficiency, query execution speed, and resource utilization..

Learning Outcomes from Hands-on Practice:Ability to analyze and interpret query execution plans effectively.Skill in identifying and fixing performance issues in SQL queries.Confidence to apply AI-driven optimization in academic projects and industry use cases.

By the end of the Session, participants will be able to:Explain the principles of SQL query processing and performance tuning.Apply AI-based techniques to predict and enhance query performance.Evaluate execution plans using intelligent tools and frameworks.

Overall, the seminar proved to be an enlightening experience for students, providing them with valuable knowledge and perspectives on real world applications across various disciplines.

4.14. VALUE ADDED COURSE ON APPLIED MACHINE LEARNING WITH PYTHON

Type of the Event : Value Added Course

Title of the Event: Applied Machine Learning with Python

Resource Person With One Line Short Profile: Dr. Mohammed Abdul Khaleel ,
Associate Professor, LIET

Description about the Event(50 Words):

Department of CSE was conducted a Value Added Course on " Applied Machine Learning with Python " for IVth year students from 07-10-2025 to 13-10-2025 at, II floor, A P J Abdul Kalam Seminar Hall, Hod-CSE has welcomed all the participants and the guest faculty.

The Value Added Course on "Applied Machine Learning with Python conducted at the engineering college proved to be designed to equip students and professionals with practical knowledge and hands-on experience in Applied Machine Learning using Python. The course will cover the fundamental concepts of machine learning, real-world applications, and essential Python libraries such as NumPy, Pandas, Scikit-learn, and Matplotlib. Participants will learn how to preprocess data, build and evaluate predictive models, and apply machine learning techniques to solve real-world problems. Through guided tutorials, interactive sessions, and project-based learning, attendees will gain industry-relevant skills that enhance their technical competencies and career opportunities in data science and AI.

The sessions were highly interactive, with live coding demonstrations, Q&A discussions, and continuous mentor support. By the end of the course, participants were equipped with the foundational skills required to pursue further studies or careers in machine learning and data science. The feedback received from attendees was overwhelmingly positive, citing the clarity of instruction, practical relevance, and the engaging nature of the sessions as key strengths of the program.

Date of Event: 07-10-2025 to 13-10-2025

Number of Students Participants attended: 120 students

Description about the Event (50Words):

Department of CSE-B was conducted a Online 5 Days National Level Faculty Development Program On Next Generation Research in Computer Science and Engineering from " 13-10-2025 to 17/10/2025 "for faculties online sessions,Dr.Ravi Kishore Singh, Principal LIET, graced the Event and welcomed all the participants and the guest faculty.

The FDP concluded with an aimed

Objectives

- Familiarise faculty members with emerging research themes in CSE (e.g., Big Data, AI/ML, Edge & Fog Computing, IoT, Quantum Computing, Next-Gen Networks).
- Provide a platform for research-methodology, publication & grant writing, and hands-on exposure and practical case-studies.
- Build capacity in integrating cutting-edge topics and tools into curriculum, research, and collaboration.
- Encourage interdisciplinary thinking (computing + data + hardware + systems + domain applications) and foster a research-mindset among participants.

Next-Generation Computing Paradigms

- Edge computing / Fog computing / Cloud-edge continuum.
- Big Data analytics, data lakes, streaming data, infrastructure for data-intensive systems.
- Quantum computing fundamentals and its relevance to CS research.
- AI/ML in next-gen systems: neural networks for devices, federated learning, generative AI.

Research Tools & Methodologies

- Literature review, research gap identification, designing experiments / simulations.
- Publication strategy: choosing journals, conferences, indexing, citation metrics.

Curriculum Integration & Teaching Innovations

- How to integrate next-gen topics into existing CSE curricula.
- Active/ learner-centred pedagogy, project-based learning, lab-based teaching.

By the end of the FDP, participants will:

- Gain updated knowledge of emerging computer-science research domains.
- Have clearer ideas for research projects, student mentorship, and publications.
- Be able to re-design or enrich courses/labs in the department with next-gen topics.

Title of the Event: Blankets & Clothes Donation Drive

Description of the Event : The Department of Computer Science and Engineering at LIET organized a Blankets & Clothes Donation Drive from 18th November to 22nd November 2025. The drive was conducted at the 2nd Floor, Dept. of CSE, Main Building, with collection timings from 12:30 pm to 1:30 pm and 3:30 pm to 4:30 pm eachday. This initiative aimed to support underprivileged individuals and families in need, especially with the winter season approaching. Students, faculty, and staff members actively participated by contributing warm clothing, blankets, and other essential wearables. The event encouraged a spirit of compassion and social responsibility Within the campus community.

The donations collected during the drive were carefully sorted and packed by volunteers and have been distributed to nearby shelters and communities. The event successfully fostered teamwork, empathy, and awareness about the importance of giving back to society.

Title of The Event : SPARK 3.0: Project Expo (Project Presentation & Poster Presentation)

Date & Time: 31 Oct 2025 FROM 9:30 am to 3:30 pm

Venue: 2nd Floor, LIET

Description of the Event : Department of Computer Science and Engineering Was Conducted a SPARK 3.0 was a Project Expo and Poster Presentation where students showcased innovative C-language projects using Data Structures (stacks, queues, linked lists). The event emphasized practical learning and teamwork. Students presented their working models and architecture visuals, receiving valuable feedback from faculty evaluators. In this event 120 projects were exhibited for competition. The prizes and certificates were conferred upon the well deserving students by the Judges. A project expo for students is an event where they showcase their projects, typically completed as part of their mini projects ,coursework, internships, or extracurricular activities. These expos serve several purposes, including providing students with an opportunity to demonstrate their skills, facilitating knowledge sharing among peers and academic staff to evaluate and provide feedback on the projects. By the end of this project-expo, the judges distribute the prizes for the winners.

Description about the Event(50Words):

Department of CSE was conducted an “Mindshift Hackathon: Rebooting Revolution”

for 2nd year, 3rd yr and 4th year students on 31-10-2025 at, II floor, 222 D & E Lab , associate Hod CSE-B has welcomed all the participants and the guest faculty.

The Hackathon is an exciting, fast-paced event where individuals or teams come together to collaborate intensively on innovative projects, typically involving software or hardware development. Over a span of hours or days, participants brainstorm ideas, build prototypes, and present solutions to real-world problems.

Purpose

Hackathons foster creativity, problem-solving, and teamwork. They often revolve around a central theme—such as sustainability, fintech, AI, or healthcare—and challenge participants to develop impactful solutions within a limited timeframe.

“Overall, the hackathon was well-organized and offered valuable opportunities for teamwork and innovation.”

REPORT

Type of the Event: BootCamp

Title of the Event: Low Level Design and Data Structures Algorithm

Resource Person: Mr.Shoukath Ali, Application Architect, Hyd

Description about the Event (50Words):

The Department of CSE organized a BootCamp on "Low Level Design and Data Structure Algorithm" for 3rd-year students from 04/08/2025 to 14/08/2025 at APJ Abdul Kalam Seminar Hall, IIInd floor. The event was graced by Dr. Ravi Kishore Singh, Principal, LIET, and the gathering was welcomed by the Associate HoD.

The BootCamp emphasized the vital role of Low-Level Design focuses on designing system components, classes, methods, and interactions at a granular level. It deals with translating high-level system architecture into detailed, object-oriented, and scalable design. LLD emphasizes principles such as SOLID, design patterns (Singleton, Factory, Observer, etc.), class diagrams, and sequence diagrams to create maintainable and reusable code structures. It ensures that software solutions are extensible, robust, and aligned with real-world requirements.

Data Structures and Algorithms form the backbone of efficient problem-solving in computer science. DSA focuses on organizing and processing data effectively using structures such as arrays, linked lists, stacks, queues, trees, graphs, and hash tables, along with algorithms for searching, sorting, recursion, dynamic programming, and graph traversal.

Mastery of DSA enables developers to write optimized code with better time and space complexity, which is essential for technical interviews and performance-driven applications.

The Outcome of this Session will be great impact on students. Students got the knowledge on DSA strengthens problem-solving and computational thinking, LLD enhances software design and implementation skills. Together, they enable developers to build scalable, efficient and production-ready systems, preparing them for real-world software engineering challenges.

The poster is for a bootcamp organized by the Department of Computer Science and Engineering at Lords Institute of Engineering and Technology. It features logos for AICTE, NAAC, NIRF, and NBA. The text includes the institute's name, its affiliations, and the bootcamp's title: 'BootCamp ON FULLSTACK DEVELOPMENT USING "MERN"'. It specifies the dates as 04-08-25 to 14-08-25, the location as 222-E & 222-F, and the target audience as BE - III year Students. The convenor is Dr. Mohammed Abdul Wajeed, and the co-convenor is Dr. Syed Raziuddin. The coordinators are Ms. Zeba Masroor and Ms. Swetha. The resource person is Mr. Mubeen Khan, a Front-End web Developer at SARS Technologies, Hyd. The bootcamp is in collaboration with Lords Skill Academy.

LORDS INSTITUTE OF ENGINEERING AND TECHNOLOGY
Approved by AICTE | Affiliated to Osmania University | Estd. 2003
Accredited 'A' grade by NAAC, Hyderabad

SARS Technologies, HYD

04-08-25 to 14-08-25
222-E & 222-F

In Collaboration With :Lords Skill Academy

REPORT

Type of the Event: BootCamp

Title of the Event: Full Stack Development using “MERN”

Resource Person: Mr. Mubeen Khan ,Front End Developer SARS Technologies,Hyd

Description about the Event (50Words):

The Department of CSE organized a BootCamp on “ Full Stack Development using “MERN”for 3rd-year students from 04/08/2025 to 14/08/2025 at 222E and 222F Lab IIInd floor. The event was graced by Dr. Ravi Kishore Singh, Principal, LIET, and the gathering was welcomed by the Associate HoD of CSE.

The BootCamp emphasized the vital role of Full Stack Development using **MERN (MongoDB, Express.js, React.js, and Node.js)** is a modern approach to building dynamic, data-driven web applications. The MERN stack provides an end-to-end JavaScript-based framework that allows developers to work seamlessly on both the **frontend** and **backend** of an application.

- **MongoDB** – A NoSQL database that stores data in a flexible, JSON-like format, ensuring scalability and high performance.
- **Express.js** – A lightweight and efficient web framework for Node.js, simplifying backend development and handling server-side logic.
- **React.js** – A powerful frontend library for building interactive and responsive user interfaces with reusable components.
- **Node.js** – A server-side JavaScript runtime environment that enables fast and scalable backend solutions.

The Outcome of this Session will be great impact on students, by integrating these technologies, MERN enables developers to build single-page applications (SPAs), RESTful APIs, and real-time applications with ease. It supports a unified development experience since JavaScript is used throughout the stack.

MERN is widely adopted in industry for creating scalable, maintainable, and high-performance web solutions, making it an essential skill set for aspiring full stack developers.

Organized by: Department of CSE

Date of Event: 04/08/2025 to 14/08/2025

Number of Students Participants attended: 130 students

S No	ROLL NUMBERS	NAME OF THE STUDENT	GUIDE NAME

6.4.STUDENT PARTICIPATIONS,ACHIEVEMENTS AND AWARD/REWARDS

- Congratulations to Yasar of III CSE-B for representing our college as a solo participant in the Indian National Academy of Engineering (INAE) Youth Conclave 2025, held on 20th September at Anurag University, Hyderabad, and secured 2nd prize in the Project Expo among 75+ national-level teams.-

- Congratulations to Mr Yasser Ahmed (160924733246) and Mr Saad Ahmed (160924733420), II CSE students, for securing FIRST place with a cash prize of ₹10,000/- in the AppFussion 2.0 event an Inter college App Development Competition organized by MAD & CWH Club of Lords Institute of Engineering and Technology on 1st November 2025.-

- Congratulations to Mohammed Faizan Ahmed (160922733104) and Safoora Yasmeen (160923733130) for securing 2nd place in the Ideathon, winning ₹3000 prize money, and earning a spot in the E-Summit's

Founders Furnace held on 23rd August 2025, organized by E-Cell Lords as a Pre-Summit event.

- Congratulations to Mohammed Faizan Ahmed (160922733104), Mohammed Azaan Ahmed (160923733116), and Syed Wameez Ahmed (160922733037), CSE students, for securing 2nd place with a cash prize of ₹3000/- in the IPL Auction event organized by E-Cell Lords on 1st October 2025

- Congratulations to Yasser Ahmed (160924733246) and Shaima Nazz (160924733228) From CSE-B Department Caffeinated Coders has won the Grand Finale of SIH 2025 under Problem Statement SIH-25267, bringing home a cash prize of ₹1,50,000!..

6.5.FACULTY ACHIEVEMENTS

Dr. J. Sasi Kiran, Dean – 1st Year, successfully registered on MY Bharat and contributed towards the vision of Viksit Bharat.

- **Dr. J. Sasi Kiran**, received the **Pride of Telangana Award** from Zimris Group, Hyderabad.
