## i. Foreword

Greetings...! The Department of Information Technology at Lords Institute of Engineering and Technology, Hyderabad, continues to thrive in a spacious campus equipped with excellent facilities and a team of highly qualified, experienced faculty members. The department remains committed to outcome-based education, nurturing critical thinking, analytical abilities, and research-oriented skills among learners. This semester too has been a productive and rewarding one. The B.E IT program is accredited by the National Board of Accreditation (NBA) for the academic years 2024-25, 2025-26, and 2026-27. Accreditation reflects quality assurance and continuous improvement, and we are truly pleased to see the steady progress of the IT Department. The growth and the consistent excellence shown across various domains have been acknowledged and valued by all stakeholders.

The department supports every learner through the Mentor–Mentee Scheme, guiding students towards strong academic performance, placements, and active learning. Students are encouraged to make use of NPTEL lectures and videos, participate in technical events, outbound activities, certification courses, curricular and co-curricular engagements, sports, and also take up professional body memberships along with their regular coursework. Faculty members are equally motivated and supported in pursuing research activities, including PhD registration, publishing papers and articles in reputed journals and conferences, taking part in Faculty Development Programs and workshops.

## ii. Vision

To be a frontier in Information Technology focusing on quality professional education, innovation and employability.

## iii. Mission

**DM1:** Adopt innovative teaching learning processes to achieve stated outcomes and sustained performance levels.

**DM2:** Provide learner centric environment to enrich knowledge, skills and innovation through industry academia collaborations.

**DM3:** Train the concerned stakeholders on latest technologies to meet the industry needs.

**DM4:** Inculcate leadership, professional, interpersonal skills and ethical values to address the contemporary societal issues.

**Note:** DM: Department Mission

## **iv. Program Educational Objectives (PEOs):**

**PEO1** : Be a competent software engineer in IT and allied industry providing viable solutions.

**PEO2** : Exhibit professionalism, engage in lifelong learning and adopt to changing industry and societal needs.

**PEO3** : Be effective as an individual and also cohesive in a group to execute multidisciplinary projects.

**PEO4** : Pursue higher studies in Information Technology with emphasis on competency and innovation.
