International Productivity Centre (IPC)
Driven by Consortium of NIT / IIT Engineers & Intellectuals
Accredited by NABL

International Productivity Centre (IPC), is an inclusive industrial services council, driven by the consortium of NIT / IIT Professionals, catering to Industries, Institutes and R&D Organizations.

We have different divisions including Quality, Safety, Health and Environment.

(1) Quality Division : Lords Quality Tech.,

(2) Safety Division : Lords Safety Tech

(3) Health Division : Lords Health Tech.,

(4) Environment Division : Lords Enviro Tech

Services Offered :

1. Design and Erection of ETP, STP, Scrubbers, Adsorption Columns, Effluent Treatment on Turnkey basis
2. Governing Reports (HARA, ABRA, HAZOP, EIA, EMP, SOP's, Refurbishing investigation reports, Campaign Reports, BPR flow sheets, Predictive Analysis, Preventive Analysis, Corrective Analysis, Reactive Analysis, Preventive Analysis), Offsite and Onsite Emergency Plans.
3. Third Party Auditing (Quality Management, Safety, Employee Health, Environment, Energy Conservation, Safe Working)
4. All documentation pertaining to Environmental Management viz. EC, ISO 14000, EMS..
5. Operational Efficiency Audit of ETP, STP
6. Technical Trainings
 - i. Certificate Course in Environmental Management and Industrial Safety
 - ii. Quality / CGMP

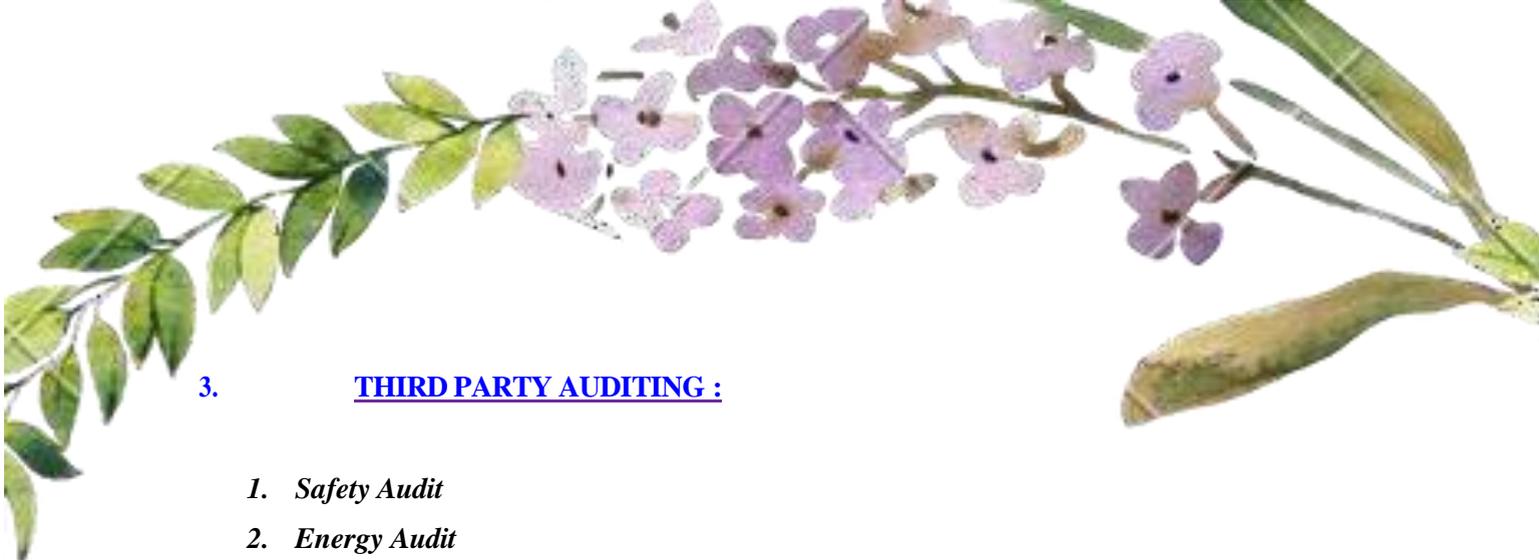

1. DESIGN & ERECTION

- *Sewage Treatment Plant*
- *Effluent Treatment Plant*
- *STP / ETP Treatment on Turnkey basis*
- *Zero Liquid Discharge*
- *Zero Vapour Discharge*
- *Design of Low Cost Scrubber*
- *Design of Low Cost Adsorption Column*
- *LDAR compliance*
- *Individual emission balance*
- *Overall emission balance*
- *ETP / STP Tanks*

2. REGULATORY REPORTS

- HARA
 - ABRA
 - HAZOP
 - EIA, EMP
 - SOP's
 - Refurbishing investigation reports
 - BPR flow sheets
 - Predictive Analysis
 - Preventive Analysis,
 - Corrective Analysis
 - Reactive Analysis
 - Promotive Analysis)
 - Arc Flash Analysis
 - Powder Safety Analysis
 - Fire & Gas Mapping
 - Ventilation Studies
- 
- 

3. THIRD PARTY AUDITING :

1. *Safety Audit*
2. *Energy Audit*
3. *Environmental Audit*
4. *Quality Audit*
5. *Occupational Health Audit*
6. *ETP Adequacy audit*
7. *ETP performance audit*

4. CONTINUOUS IMPROVEMENT & OPERATIONAL EXCELLENCE

- Process / operation of STP / ETP
- Systems
- Bottle necks
- Alternative methods
- Auxiliary Methods

5. TECHNICAL TRAININGS

- 1) **ETP Operation**
- 2) **STP Operation**
- 3) **Operational Excellence and Continuous Improvement**

6. ALL REGULATORY REQUIREMENTS

- 1) **EC**
 - 2) **Environmental Public Hearing**
 - 3) **CCR Compliance**
 - 4) **LDAR**
- 
- 

7. OFF-SITE & ON-SITE EMERGENCY PLANS

*Reaction Kinetics
Critical Parameters
Preventive, Predictive methods
Emergency Preparedness*

8. D-SPARK (STATIC ELECTRICITY DISSIPATOR)

We have indigenously developed Static Electricity Dissipater for all unit operations equipment as well as unit process equipment, where sure shot dissipation takes place

Duration of Execution of Projects:

- 1. Stipulated as indicated*
- 2. Customized*

Quality Pledge:

For over fifteen years, we have been an acknowledged brand in imparting Technical and Managerial services. We offer only the best services and proud of our services. We work in synchronization with the client till attaining super satisfaction.

We are committed to offer finest services.

Assuring our best services all the time.
